EDUCATIONS

Shri Shankaracharya Technical Campus Bhilai | Bhilai (C.G)

Oct 2022 - May 2026

B.Tech - Computer Science

CGPA : 7.2

- Python and Django Full Stack Web Development

PROJECTS

ShopMate — Full-Stack E-Commerce Platform | 🌐 Website 🐙 Github

Lead Developer

- Developed a full-stack e-commerce platform using **Django** with **4 modular apps** for authentication, product management, cart operations, and order processing workflows.
- Implemented secure authentication, authorization, and session-based cart functionality, along with a checkout workflow and order tracking using **Django ORM** with **5+ database models**.
- Built **10+ responsive web pages** using **Django Templates, HTML5, Tailwind CSS, JavaScript, jQuery, and AJAX** for improved UI and dynamic interactions.
- Integrated **Django Admin** for efficient product and order management, enabling streamlined backend operations and simplified data administration.

Technologies / Tools Used : Django, Python, SQLite, AJAX, HTML5, JavaScript, JQuery, Django ORM, CSS3, Tailwind CSS

To-Do List Web App | 🌐 Website 🐙 Github

Individual Project

- Developed a secure multi-user task management application using **Django** with user-specific authentication and authorization for protected task management.
- Implemented complete CRUD operations with **Django ORM** and object-level access control, ensuring secure task ownership and **100% user data isolation**.
- Built **7+ productivity features** including search, filtering, sorting, pagination, priorities, categories, and due-date tracking to enhance task management.
- Designed a responsive UI using **Django Template Language (DTL)**, reusable templates, and custom CSS, improving maintainability and reducing code duplication by **30%+**.

Technologies / Tools Used : Python, Django, SQLite, HTML, CSS, Django CBVs, Django ORM, Django Template Language (DTL)

Social Media Web Application | 🌐 Website 🐙 Github

Individual Project

- Developed a **full-stack social networking platform** using Python, Django, SQLite, HTML, CSS, and JavaScript, supporting over **15 active test users** with secure authentication.
- Implemented **authentication, authorization, and role-based access control (RBAC)** to safeguard user accounts, posts, and group interactions.
- Engineered **scalable database models** utilizing **Django ORM, CBVs, and CRUD operations**, improving data retrieval time from **2 seconds to under 400 milliseconds**.
- Designed a **responsive UI** with **HTML5, CSS3, Bootstrap, and JavaScript**, facilitating seamless post creation, user interactions, and group management.

Technologies / Tools Used : Django, SQLite, HTML, CSS, JavaScript

Integrated Web Reconnaissance and Exploitation Engine | 🌐 Website 🐙 Github

Lead Developer

- Developed a **Flask-based security automation platform** using Python, integrating **4+ reconnaissance and vulnerability assessment workflows** for automated security testing.
- Integrated modules for subdomain discovery, directory enumeration, port scanning, and technology detection, streamlining reconnaissance and reducing manual assessment efforts.
- Automated PDF report generation for structured security reports, **reducing manual reporting time from 20+ minutes to under 5 seconds** per assessment.
- Designed a modular Flask backend with **5+ reusable components**, enabling seamless integration of security tools and future workflow enhancements.

Technologies / Tools Used : Flask, Python, PDF, Bash Scripting, Kali Linux, Linux, HTML5, CSS3, PDF Report Generation, Nmap

SKILLS

Programming Languages :

Python, JavaScript, SQL, C, C++

Frameworks & Libraries :

Django, Flask, FASTAPI, Django REST Framework (DRF)

Databases :

SQLite, MySQL, PostgreSQL, ORM, Django ORM

Tools & Platforms :

REST APIs, Authentication, Authorization, JWT, CRUD Operations, ORM, HTML, CSS, Bootstrap, jQuery, Automation & Scripting, Linux, AWS EC2, Postman, Scapy, GitHub, Git, Docker

Soft Skills :

DSA, Problem Solving, Technical Documentation, Version Control, Project Management, Leadership, Communication, Teamwork, Time Management

Languages :

English, Hindi
